Census 2011

Key information relating to Hyndburn
First Data Release (July 2012)
About the Census

• Collected information about the population every 10 years since 1801 (except in 1941). The latest census took place on 27 March 2011.

• Census statistics describe the characteristics of an area, i.e. how many men and women there are and their ages and are used to understand similarities and differences in the populations’ characteristics locally, regionally and nationally.
About the Census

• Three main releases of data:

1. 16 July 2012: Age and sex, and number of residents/households (rounded to nearest 100)

2. November 2012 – February 2013: ethnicity, language, health, marital status, accommodation, economic activity (not rounded)

Hyndburn Demographics

• 9th most populated of the 12 Lancashire districts

• 80,700 usual residents, a reduction of 800 people from 2001 (1%)

• The most densely populated district (1,105 residents per square kilometre)
Children and Young People

• **20,700** children and young people aged between 0 – 19 (26% of the total population)

• A reduction of **1,860** (8%) from 2001

• Of the **20,700**: 51% were boys and 49% girls

• The largest age group was 0-4 year olds with **5,400** residents
